

ji petpedance It is so simple! if you love it, let others know. its the only way to make the world better. Anand Vaswani lol Isha - Shahdara puneet dude..this post is worth 10000 rupies... chhote hain hindustan ( mano)... Chekkun Bhagat Singh's formula is great, but as these things go, in the hands of a much-experienced group of brains, it probably would have been a more successful project.Star Wars Battlefront 2 should have been a prequel, so why was it a sequel? We speak to the game's Creative Director in our latest interview, and we find out what he had planned for the games very first mission. I was out to dinner with the team, having a few drinks and I was talking about all the things we wanted to do in the game. We had a lot of great ideas, but we had to go back to the drawing board to make the game we wanted to play. While we were thinking about those ideas, we came up with the idea of the Empire cutting the rebel's escape in half. That was the hook. From there, we worked through a few different directions that we thought would be fun. We were originally planning for one story arc that wrapped up the game. However, as we started looking at gameplay and thinking about a sequel, we looked at the first two games and we saw that the gameplay had a lot of similarities. As much as we were saying 'hey, we're not going to be the same game', we were thinking 'we're probably going to have a lot of similarities'. It was then that we sat down and discussed whether we should make the game a prequel or a sequel. In my mind, the prequel would have been more true to the source material. The prequel was really trying to be this anti-war thing. In the original film, there was a lot of stuff that said that the Empire has the force. I think what's interesting about the real universe is the Empire is after the Jedi. The Empire wants to have the force and wants to control the force. So in the story, when we were thinking about a prequel, it made sense to have the Empire wanting to do
