Download Project Arrhythmia - Soundtrack rar I have a long list of games and i want to put them into a single folder Download Project Arrhythmia - Soundtrack rar Thats the way to access the Saved Games folder. How do I get the file name and size of a file using the terminal? For the file name you can use the command file /home/victor/Downloads/Savage_Noob.txt For the file size you can use the command du -sh du -sh /home/victor/Downloads/ Can anyone recommend the best way to browse videos? I just switched to Ubuntu and I really liked the easy to use movie player. I can't seem to find that option in Ubuntu 20.04 xdg-open Movie.avi A: I have a long list of games and i want to put them into a single folder List all the files you want in a single folder in the terminal: find /your/folder -type f -print0 | while read -r -d \$'\0' filename; do echo "File \$filename"; done Then with a single folder you can change the ownership: sudo chown -R \$USER:\$USER /your/folder A: The file name and size of a file can be obtained with the file command as follows: file /path/to/file.txt For a large set of files you can use the du -sh command as follows: du -sh /home/victor/Downloads/ But the best way to browse videos is with the xdg-open command as follows: xdg-open Movie.avi Flexible printing Flexible printing is a type of printing that uses a flexible substrate, such as paper, film, or plastic, and does
