The Richter magnitude scale reading for the first was 6.8 and for the second 6.2. The total death toll from all tremors was 262 and the estimated economic losses from the September quake was NZ\$8 billion. The effects of the November quake were significantly less. In popular culture The March 2008 film Epic Armageddon (set in and around the city of Christchurch) contains extensive

shots of the September earthquake. A fire engine and a car are used in the scenes as they crash into a building. See also List of earthquakes in 1997 References External links * Category:Natural disasters in New Zealand Category:Earthquakes in New Zealand Category:1997 in New Zealand Category
