I want to get the icon for my app from the play store, so I can use it in my app. This isn't the logo, this is the icon. I want to get the icon. this is what I have tried so far String packageName = "com.google.android.apps.docs"; PackageInfo packageInfo = getPackageManager().getPackageInfo(packageName, PackageManager.GET_ACTIVITIES); But this returns one icon that looks like this If this is not this app's icon. This app is different from the app that i found in the store. This seems to be the icon of the app from the play store. Am i wrong? How do i get the actual icon? A: You might be looking for this Intraoperative detection of malignant mucosal epithelial lesions in the gastrointestinal tract. A colonoscopic technique has been recently developed that combines a brief dye application and a rapid biopsy with a rapid-frozen-section-based histopathologic diagnosis in selected cases. The aim of this study is to compare the efficacy of this method with standard histopathologic diagnosis in the intraoperative detection of malignant mucosal lesions in the upper gastrointestinal tract. Since September 1992, we have used this colonoscopic technique in selected patients who underwent either esophagectomy, gastrectomy, total gastrectomy, or gastrojejunostomy. An anesthetic agent containing dimethyl sulfoxide is applied briefly to the gastric or colonic mucosa of the patients before endoscopic examination with a single-lumen balloon probe. Biopsy forceps (6 x 10 mm) are used to obtain tissue samples, which are imprinted on 3da54e8ca3
