Doesn't seem to work when I try to synchronize calendars between outlook and google calendar Is this helpful?Yes (38) Posted by: jason on 6/15/2014 Google Sync works fine for me. I just tested it. It works to sync Outlook Calendar to Google Calendar, and has worked for a long time. Is this helpful?Yes (26) Posted by: Bobby on 4/24/2013 Google Sync doesn't seem to work when I try to synchronize the two. Is this helpful?Yes (25) Posted by: Ramon on 4/23/2013 I have been using OggSync for several years. It has worked beautifully for me and others I know. I have had no problems with OggSync whatsoever. I don't use it as often as I use my Gmail, but when I do, it works very well. Is this helpful?Yes (18) Posted by: Carl on 4/23/2013 Wow! This is a really awesome program. Does exactly what it says it does, and it's really easy to use. When you first start it up it just asks you some things that it can use to get connected to google. Google asks for the same information, but your settings are the same and it works smoothly. Oggsync is a great tool, and I would highly recommend it. Is this helpful?Yes (16) Posted by: Sewell on 4/23/2013 It works well for me, but I would like to be able to see if my phone has received an email even if it's not in my mobile device. I can't find a way to do that. Is this helpful?Yes (16) Posted by: Jacob on 4/23/2013
