So far, they are the best to give important tips so that you can secure good grades. I am writing down some of the best tips you can follow if you intend to write an exceptional essay. Maintain a

concise and unambiguous conclusion while making a clear connection between your evidence. Any student who requests that you write their essay for them online should also inquire [how much is an essay](#).

## **Best tips to start an argumentative essay**

### **Select a controversial topic**

A good way to start [essay writing](#) is to choose a controversial topic. In an argumentative essay, you need to pick a side and justify it with compelling arguments. If your topic is straightforward then you would not have enough arguments to present. You need to intrigue the audience with the power of your arguments and why your position is important. The best way to do it is to select a controversial topic.

### **Compelling evidence**

An argumentative essay is all about your position on a particular issue so without the evidence, you cannot justify yourself. Make sure to include some objective evidence with concrete examples as they are impossible to refute. You can also include statistics, diagrams, infographics, facts, and figures to justify your position.

### **Think out of the box**

You cannot write a good essay with monotonous thinking so make sure to explore your topic from multiple dimensions. You can also request a custom essay from a professional essay writer to [help i need to write an essay](#), so that you know how he thinks about your topic. You can assign him any topic of your liking and just wait for the results. Such a professional writer would enhance your vision and understanding of your argumentative essay.

### **Multiple narratives**

A good argumentative essay does not contain one narrative rather multiple. You may need to negate your own position in an argument just to prove yourself correct. Add a paragraph of counter-arguments in your essay so that a reader can conduct a comprehensive analysis of your essay. For me, it was a little difficult and due to a shortage of time, I simply asked an [expert essay writer online](#) to write my essay just to save my grades. Surprisingly, he was very helpful and I managed to secure good grades.

### **Multiple points of view**

You must know what other scholars have written or think about your chosen topic. If you want to negate a famous scholar in your essay then make sure you have a valid ground and justification and

the best way to do is to read and read extensively. Once you are determined about your position then make such an argument.

### **Argument format**

There are two famous formats of arguments that you can follow in your essay. First Toulmin and second Rogerian arguments both need to follow a different sequence. In Toulmin's argument make a claim, provide valid ground or evidence, support your evidence, and discuss rebuttal if necessary. In the Rogerian argument, you only need to think about the opposing position and how it can be unjustified with your arguments.

You can also choose a writing style or follow some writers of professional services like [SharkPapers](#) and improve your research writing skills significantly.
